

OBJECT OF THE MONTH

INTERSPAR KLAGENFURT

INTERSPAR is the largest subsidiary of the SPAR Group and is expanding its market leadership in Austria with the help of innovative architecture. To this end, Completion: May 2010 the previous INTERSPARMARKT on Durchlaßstrasse in Klagenfurt was torn down and replaced by a new building.

The structure was built in two stages. The first component with a modern Interspar hypermarket with 4279 m² and nine shops. It opened on June 15, 2010. The second component, with the Interspar Restaurant and a 1100 m² Hervis, was completed in 2011.

The finished structure has a modern, timeless architecture with generous natural light and warmth, thanks to the glass surfaces. The approach in planning and construction was to create a relaxed atmosphere in which customers want to linger. Numerous components from the PICHLER range ensure fresh air and more comfort in the shopping centre.
