

# OBJECT OF THE MONTH

## LOISIUM WINE & SPA RESORT

The LOISIUM Wine & Spa Resort in Ehrenhausen opened in 2012, on one of southern Styria's most beautiful wine routes.

The resort, designed by Architektur Consult ZT GmbH of Graz, comprises 102 rooms and suites as well as six apartments adjoining the hotel, offering visitors a haven from the hectic pace of everyday life. The Pichler ventilation system ensures well-being as well as the highest air quality.

The Wine Spa's Wellness venue covers an area of 1,400 m<sup>2</sup>. Business events and product presentations can be held in an area totalling 246 m<sup>2</sup> comprising modern, professional conference facilities with unobstructed views of the vineyards.

Just like its sister hotel in Langenlois, this designer hotel with its avant-garde flair fits perfectly into the southern Styrian wine landscape.
