

OBJECT OF THE MONTH

Styria Media Center, Graz

With a total investment of approx. 60 million Euros, a building that houses a total of eleven office floors has been created at Grazer Gadollaplatz 1. The newly opened object is provided with an office tower of a height of 60 metres, a multimedia newsroom, a foyer for events with up to 240 visitors and offers workplaces for about 1200 persons.

One of the highlights provided by this building is the sky lobby which is located on the top floor, a conference and event room including a bar and a terrace and offering a lovely view over the whole of Graz.

AWARD-WINNING:

The decor of the Styria Media Center internationally meets the highest standards where materials, energy efficiency and air conditioning are concerned. The building was designed as a “**Green Building**” and has already been awarded the internationally renowned “**LEED**” pre-certificate in gold.
